Hi Everyone,

We will be having all the final presentations tomorrow i.e. 31st March 2021 in two slots.

1. 3.30pm-6pm

2. 6.30pm - 9pm

Each group will have 8-10 minutes to present (this is just the time ceiling, your presentation can be of any duration below this time) & 5 minutes of Q&A.

It will be nice if everyone can attend both the sessions.

I have attached the order of the presentations in the google sheet.

Section 1 of 2

Classroom Redesign User Testing

Hi! Thank you for participating in this user testing. Please follow the instructions below alongside testing and then move to the next section to fill out your feedback!

The link is: <https://pr.to/WECQI6/>

Scenario: You are a student enrolled in the HCI class, you are looking to complete a few tasks in the order they are mentioned on the Google Classroom platform. Your tasks are as follows:

Task 1 - Check to see if there were any updates on a pinned post from Timmy Barnes which he posted on March 8th.

Task 2 - Your teacher Jill was trying to contact you regarding an assignment, see what she has to say and follow her instructions.

Task 3 - You need to get started on an assignment but wanted to check some sample assignments before that, find your way to that file.

Thank you for participating!

Did you manage to find Timmy's post?

☐ Yes! I used the Pinned button to locate it

☐ No I couldn't find it
